Subject: **Wormald Site Investigation Work Plan**  
**Tyco Safety Products – Former Cedar Chemical Facility**  
**Helena – West Helena, Arkansas**  
**State EPA ID No. ARD990660649**

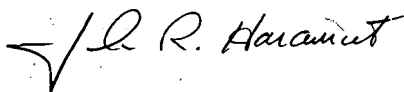

Dear Mr. Benefield:

On behalf of Tyco Safety Products – Ansul Incorporated, AECOM is pleased to submit two copies of the *Wormald Site Investigation Work Plan* for the Former Cedar Chemicals Facility located in Helena – West Helena, Arkansas. The *Wormald Site Investigation Work Plan* was prepared in accordance with the Wormald Separate Agreement Pursuant to Consent Administrative Order LIS No. 07-027 for the Conduct of a Site Investigation and Feasibility Study (Wormald Separate Agreement) between the Arkansas Department of Environmental Quality (ADEQ), and Ansul Incorporated, Wormald U.S., Inc dated January 9, 2009. This Work Plan summarizes the proposed investigation activities that will be completed to fill in any critical data gaps in historical documents for soil at Site 3 and support the potential development of a feasibility study for remediation of soil at Site 3 pursuant to the results of this SIWP. The work plan also includes as schedule for investigation and reporting activities in pursuant to the Wormald Separate Agreement (January 9, 2009).

AECOM, on behalf of Tyco Safety Products – Ansul Incorporated, respectfully requests for ADEQ to expedite review and approval of the *Wormald Site Investigation Work Plan* so that the deadlines set forth in the Wormald Separate Agreement can be met. If you have any questions or require additional information, please contact Ms. Ann Faitz at (501)831-5637.

Sincerely,

**AECOM**

John R. Haramut  
Project Manager
